

Transmission Line Routing Community Sounding Board

Meet & Greet Summary

April 27, 2020

Overview

Puget Sound Energy (PSE) hosted an online Meet & Greet for Community Sounding Board (CSB) members on April 27, 2020. The meeting introduced CSB members to one another and key PSE, HDR and EnviroIssues staff in advance of the first formal meeting.

The meeting was held online via Webex due to PSE and public health requirements restricting in-person gatherings at this time. In addition to notifications provided to CSB members and supporting staff, a meeting link for public attendees was posted on the calendar at pse.com/bainbridge.
