

Transmission Line Routing Community Sounding Board Information Session 1 Agenda

Thursday, Aug. 6, from 5:30 to 7:30 p.m.

Online Webex Event: CSB members—please refer to your individual links sent via email

Meeting objective:

- Clarify the project need and purpose of PSE’s reliability and grid modernization project, especially the new "missing link" transmission line between Winslow and Murden Cove substations, to provide context for Community Sounding Board routing discussions.
- Provide a more detailed review of the preliminary transmission line study area, providing background on how it was determined to inform Community Sounding Board routing discussions.
- Invite feedback from the Community Sounding Board on the transmission line study area.
